EMAIL MESSAGING

Reliable, one-click group communication saves time for busy administrators and cuts the cost of keeping parents informed. The secure, cloud-based platform draws data from your existing MIS to make it simple to compose and send custom branded emails to all or selected groups of contacts - like years, forms or teams - inserting links or adding attachments as required. So you can reduce workload, enhance parents' experience and improve delivery and response rates, all at the same time.

ClarionCall Email is fully integrated with a wide range of additional services to help you communicate clearly and effectively with parents to manage everything from sports fixtures to parents' evenings to activities, clubs and events.

IT'S QUICK AND EASY TO;

- Compose professionally branded, custom emails in minutes with a wide range of formatting options.
- Send securely to the whole school in one click, or select groups extracted from your MIS or defined within your account.
- Include attachments in common file formats like Word, Excel and PDF.
- Insert multiple links to direct parents to further information.
- Receive and view private replies from individual parents.
- Create master templates to save and re-use regularly.
- Record all messages and see who's received and opened them.

Extend your solution with EmailEnhance – advanced personalisation, preview, template, custom links, reply, draft and store features.
