TEXT MESSAGING

Last minute cancellations and unexpected changes can cause chaos. How do you let parents know the match has been postponed when they're already en route and you're off site? Reliable, one-click group text communication shares urgent messages instantly, managed via any device. The secure, cloud-based platform draws data from your existing MIS to make it simple to compose and send custom texts to all or selected groups of contacts, delivered in a format that parents will recognise and trust. Disaster averted.

ClarionCall Text is fully integrated with a wide range of additional services to help you communicate quickly and effectively with the affected group from sports fixtures, to trips, to activities, clubs and events.

IT'S QUICK AND EASY TO;

- Inform parents or staff of last minute changes with an urgent message.
- Compose and send texts in seconds from anywhere, on any device.
- Send securely to the whole school at once, or select groups extracted from your MIS or defined within your account.
- Create custom templates to save time and deliver a consistent experience.
- Record all messages and see who's received them, identifying contact issues and building an audit trail.

Extend your solution with TextEnhance – advanced reply, extended character limit, text-to-text and template features.
