FULL EMAIL INTEGRATION

AUTOMATED RESPONSE COLLATION

WEBFORMZONE

Wipe out the paper work, save time, improve response rates and eliminate input errors by transferring parent data collection online. **WEBFORMZone** helps staff create and publish any simple or complex form with ease, from confirmations and authorisation to questionnaires, within the Unify Parents' Message Centre. Full integration with email means parents can respond and submit from anywhere, on any device - while all replies are securely stored, collated and ready to review, export or share in an instant.

WEBFORMZone works in combination with your existing ClarionCall and MIS solutions to provide an efficient, secure and cost effective approach to managing digital data collection.

IT'S QUICK AND EASY TO;

- Create, publish and share custom web forms in minutes.
- Select and combine common response types, from check boxes to text entry, using the simple drag-and-drop form builder.
- Integrate with other Unify services to collect critical parent information.
- Synchronise with email so parents can respond in a click from any device via a clear personalised link.
- View replies instantly, with results automatically collated by the system.
- Build a library of standard form templates to copy, update and reuse.
- Store data securely, filter and export for review, audit or processing.
